SKILLS

Languages:	Python, Java, C, SQL
Tools/Platforms:	Pandas, NumPy, Streamlit, Plotly, Tableau, Microsoft Excel, Git, GitHub, VS Code
Core Competencies:	Data Analysis, Data Visualization, Business Analytics, Exploratory Data Analysis (EDA), Generative AI Fundamentals
Soft Skills:	Analytical Thinking, Problem-Solving, Communication, Teamwork, Adaptability

PROJECTS

BizGuard.AI <i>Python, Streamlit, Pandas, Plotly, Tesseract OCR</i>	Aug' 26
- Designed an interactive business and security intelligence dashboard consolidating operational KPIs, protection metrics, transaction monitoring, and risk alerts within a unified decision-support interface. - Integrated screenshot-based transaction assessment with Tesseract OCR to extract and process payment information through a structured review workflow. - Structured business and protection modules covering revenue, orders, customer-retention indicators, fraud awareness, payment monitoring, and security alerts to improve operational visibility.	
Netflix Strategic Insights Platform <i>Python, Pandas, Streamlit, Plotly</i>	Jul' 26
- Developed an interactive analytics platform spanning 8,807 Netflix titles, converting content-distribution, rating, country, genre, and release-year data into executive-oriented analytical views. - Processed catalogue-level data with Pandas to evaluate 6,131 movies and 2,676 TV shows while deriving portfolio indicators across 749 countries and 42 genres. - Translated exploratory analysis into dynamic Plotly visualizations, an Executive Insights Panel, and an interactive Content Explorer for streamlined trend evaluation.	

TRAINING

Deloitte Data Analytics Job Simulation Forage	Jul' 26 – Aug' 26
Data Analytics & Forensic Technology	
- Evaluated Daikibo telemetry data in Tableau to identify downtime patterns by factory and device type, enabling structured operational comparison. - Classified equality-score data into Fair, Unfair, and Highly Discriminative categories to support systematic review and interpretation.	

CERTIFICATES

Career Essentials in Generative AI by Microsoft and LinkedIn <i>LinkedIn Learning</i>	Aug' 26
Advanced Power BI Workshop <i>upGrad</i>	Nov' 25

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology	Aug' 25 – Present
Computer Science and Engineering (Data Science & Machine Learning); CGPA: 8.02	
Govt. Ganapath Girls Higher Secondary School	Calicut, Kerala
Higher Secondary Education	2025
Percentage: 94%	
Govt. Girls Higher Secondary School, Cotton Hill	Trivandrum, Kerala
Secondary Education	2023
Percentage: 95%
